What Everyone Should Know.

The Fourteenth Decennial Census of the United States is on. Under the immediate direction of H. P. Hornby, Supervisor of the 15th census district of Texas, census enumerators will call at every dwelling house in this community to secure the information necessary to fill out the questions contained on the printed census schedules.

Questions covering the following points will be asked of every person in the United States:

Sex.
Color or race.
Age at last birthday.

Whether single, married, widowed or divorced.

Birthplace of person enumerated and birthplaces of father and mother, giving names of both country and province if foreign born.

Ocupation, specifying trade or profession, also industry in which employed.

Whether attending school.
Whether able to read.
Whether able to write.

Whether able to speak English.
Whether home is owned or rented, and if owned whether home is free of incumbrance or is mortgaged.

Persons of foreign birth will be asked questions concerning these additional points.

Year of immigration to the United States.

Whether naturalized, and if so the year of naturalization.

Mother's tongue or native language.

Every Farm Visited: Census enumerators also will call at every farm of this community to secure the information necessary to fill out the questions contained on the agricultural schedule. Each farmer will be asked questions concerning the acreage and value of his farm; whether he owns, rents or partly rents the land he farms; the value of the buildings, machinery and implements belonging to his farm; the quantity of all crops raised on his farm during the year 1919; and many other questions which cover the possible farm operations.

An absolutely accurate and complete census vitally concerns the welfare of this community and of every person living in it. The official population for the next ten years will be determined by the census of 1920.

Be ready with your answers when the census man calls at your house.

The census enumerators appointed for Medina county are: Alfred M. Finger, Hondo; R. F. D. "A." William N. Burgin, Yancey; Ernest H. Hartman, Hondo; Robert E. Rihn, Castroville; Arthur H. Rothe, D'Hanis; Stephen M. Howard, Devine; William B. Melton, Yancey; Joe H. Burgin, Yancey; John G. Brucks, Hondo, Route No. 1.

Heyo Schweers.

Another pioneer citizen of Medina County passed with the death Mr. Heyo Schweers, which occurred at his home here Monday evening. He was buried in the new cemetery Tuesday afternoon. He had reached the ripe old age of 83 years, the last fifty seven of which had been spent in Medina County.

As the Rev. Gus Muennink, his pastor, had been requested by the family to furnish an obituary of the deceased in keeping with his long and honorable career for next week's Anvil Herald, we will content ourselves with the statement that a good man went to his reward when Heyo Schweers was gathered to his fathers.

NOTICE.

Any person entering on or molesting anything on or about the property of the Hondo Light, Power & Ice Co., or on its lines, will be prosecuted to the full extent of the law.

TEXAS WOMAN SUFFERS FROM PAINS IN HEAD

Houston, Texas.—"A few months ago my health became very poor. I was rundown, weak and nervous and could not eat nor sleep. I suffered with pains in my head. I was very miserable when my husband got me a bottle of 'Favorite Prescription' but by the time I had taken this one bottle my health was completely restored. Dr. Pierce's Favorite Prescription is a fine medicine for women and I take pleasure in giving it a recommend."—Mrs. N. J. Vess, 1520 Everett St.

San Antonio, Texas.—"For about three years I have been in a run-down condition. I would be so weak at times I could scarcely get around. I was extremely nervous, could not sleep and I was in a miserable state when just recently I was advised to try Dr. Pierce's Favorite Prescription. I have not taken all of one bottle but am feeling better than I have for a long time. I am going to continue its use for I know it is helping me more than any medicine I have taken."—Mrs. H. T. KNIPPA, 913 Burleson St.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a woman's tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Druggists sell it in liquid or tablets. Send 10 cents to the Invalids' Hotel, Buffalo, N. Y., for trial package.

Dr. Pierce's Anuric Tablets are intended for people who suffer from kidney disorders—whose backs ache, and whose systems are overrun with uric acid. Nearly everybody has too much uric acid. Anuric Tablets dissolve uric acid quickly, as they are made double strength.

Bacon On Sale Again.

Several new items have been added to the grocery list of the army retail store in San Antonio, including a large quantity of bulk bacon at 20 cents a pound, Col. John A. Porter, superintendent, announced Monday.

Among other items for sale are brown beans, stringless beans, evaporated peaches and apples, tea, sweet corn, peas, mock turtle soup, laundry and toilet soap.

Colonel Porter also announced that a considerable quantity of candy is still on sale. A record of the total number of sales from the date the store opened is being prepared and it is expected to go considerably over the \$1,000,000 mark.—S. A. Light.

The Best Cough Medicine.

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Cubrun, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

It has just about gotten so in this country that if you offer an idle man a job of work you are in danger of making a Bolshevik of him.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also excellent for chapped hands, sore nipples, burns and diseases of the skin.

If a young man were as prosperous after he marries as while he is engaged there would be less lottery and more millinery in marriage.

To the Dyspeptic.

Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you? There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.

Wood alcohol appears to have succeeded the giant firecracker as chief factor in unsafe and insane Christmas celebrations.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength and assistance in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

Married.

Mr. Elmer H. Haby and Miss Elizabeth K. Brucks were happily married at Castroville, Texas, at 3 p. m. Monday, December 29, 1919, the Rev. Father Heckman officiating. The attendants were Mr. Charles A. Brucks and Miss Ophelia Haby.

The groom is a prosperous young business man of Dunlay, Texas, while the bride is the charming daughter of Mr. and Mrs. Otto H. Brucks of Quibi, Texas.

After spending their honeymoon at San Antonio and Comstock, Texas, the young couple will make their home at Dunlay, Texas.

Don't You Forget It.

Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no pepsin or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally.

Sabinal Sentinel Siftings.

Miss Mamie Shane, who has been going to school in San Antonio, came home last Saturday for Xmas. Her aunt, Mrs. Woodrum, came with her for a visit.

Mrs. John McCauley, who has been teaching at D' Hanis, is spending the holidays with home folks here.

Mr. J. F. Jungman of Hondo was over for the football game yesterday and he stayed all night with Mr. Rankin Kennedy. They are room mates at Rice Institute.

THOUSANDS PROCLAIM THE MERITS OF PE-RU-NA

Read Their Letters

Mrs. Martha C. Dale, R. F. D. 1, Cannon, Del., writes: "I am entirely cured of chronic catarrh of the stomach and bowels by PE-RU-NA."

Mr. J. Bayer, Glendale, Oregon: "There is no medicine like PE-RU-NA for catarrhal deafness."

Mrs. Kate Marquis, Middleburg, Ohio: "PE-RU-NA cured me of catarrh of the head and throat."

Mr. J. H. Collins, Wesson, Mississippi: "PE-RU-NA makes me feel vigorous and able to work without that tired, weak feeling I usually have otherwise."

Mrs. P. Ludvigsen, Austin, Minnesota: "I got rid of my liver trouble and can eat anything since taking PE-RU-NA."

Mrs. L. Hearing, 283 East 169th St., New York City: "For catarrh of the head and stomach, I have found PE-RU-NA better than any other medicine."

THREE IN FAMILY REAP BENEFITS.

Jackson Is Relieved of Indigestion by Tanlac—Gains Twelve Pounds.

"Tanlac soon ended my troubles and I gained twelve pounds by taking it", said W. E. Jackson, of 724 North 41st street, Birmingham, Ala.

"I work at night," he continued, "and eating at unusual hours gave me indigestion. My food would sour on my stomach and I suffered terribly after every meal... I lost weight and became so nervous I couldn't sleep hardly at all. Smoking too aggravated my trouble and I had to quit it. I felt all down and out and was miserable all the time. I tried everything I could hear of, but got no better and was just about to give up, when I read about Tanlac helping someone having the same trouble that was worrying me."

"I felt better right after starting on it and improved so much that I was able to enjoy my pipe again and get restful sleep. My appetite is now fine and I can eat anything I want and I am not nervous and all unstrung like I was before. I believe I am in better shape today than in seven years. My father, too, was benefited a whole lot by taking Tanlac; my wife took two bottles and it helped her more than anything she has ever taken. I will never fail to recommend Tanlac to anybody I see suffering from stomach trouble."

All druggists sell Tanlac.

Uplifting Children of Many Lands

Ozerinde Nathaniel, of Ogo, Africa, was reared and last in the home of Dr. C. E. Smith, a Christian missionary, became a Christian and so ambitious was he that after he had completed

schools in Africa he came to America and entered Virginia University at Richmond, where he took

honors, at the same time working for all his expense money. He turned to Africa and is vice-

ident of the boys' academy in home city.

A day school in China, one of the greatest evangelizing forces, to the mission board, and when proving the physical, moral, and spiritual salvation of the whom it reaches can be maintained for about \$70.

If so large a work has been already, why the need of finding it through the Baptist 75 Million Campaign? some may ask.

The answer is that the work has been done in the homeland on the foreign fields is a very small part of what needs to be done. The cry for help is coming up from hundreds of millions of helpless children in all parts of the world who need and crave the privileges and blessings of a Christian civilization such as a covet for the children of your

It is to help answer this call the campaign was launched. The interests that those of children will be fostered at the same time.

Of the \$20,000,000 apportioned for foreign missions a considerable sum will go to sending more missionaries to foreign fields to claim the gospel to adults as well as children; \$12,000,000 will go to home missions for its

of evangelism, enlistment, and building, mountain schools and like in its vast field, along

special work among the foreign Indians and Negroes; \$1,000,000 will go to state missions in a

fort to win to Christ the 13,000 unsaved white people within

territory of the Southern Baptist Convention; \$20,000,000 will be apportioned to Christian education by enlarging and endowing the educational institutions of the South; \$4,800,000 will go to the orphans; and \$2,500,000 for the aged ministers of the

Christian church who have worn themselves out in the service of God, salaries that have permitted them to save nothing for old age.

But investment in the salvation of the children will bear large returns throughout the world because millions of them will be long enough to bless others and raise up still other children

ers yet unborn.

Little Money Does Big Work. For the sum of \$25 a boy or girl can be maintained in one of the mission boarding schools for a year, while numerous native children are maintained and instructed in the homes of the missionaries at a cost of \$12 a year.

BY FRANK E. BURKHOLDER

Ever feel the thrill from the chubby arms of a little child near and dear to you as they encircled your neck in a fond embrace?

Or look into the beautiful frank eyes of that little loved one and contemplate the possibilities that lie hidden in that soul, or what you would not take in exchange for him or her who bears your name and is bone of your bone and flesh of your flesh?

Then possibly you have experienced something of that divine spirit that prompted the Man of Galilee to exclaim:

"Take heed that ye despise not one of these little ones," and

"It is not the will of your Father who is in heaven that one of these little ones should perish."

And it is the belief of Southern Baptists in giving a large place to the welfare and all-round development of children in the Baptist 75 Million Campaign that they are pursuing a cause that has the sanction of Christ Jesus, the proclamation of whose Gospel everywhere is always accompanied by larger attention to the physical, mental, social and spiritual development of children.

First Right To Be Well Born.

Baptists believe the first right of every child is to be well born; that in the second place, every child has a right to normal and healthful nourishment and physical surroundings during its tender years; and in the third place, every child has a right to an education that is adapted to its needs, physical, mental and spiritual.

But what has all this to do with the Baptist 75 Million Campaign?

In the first place, while the welfare of the human race is sought in the campaign, beginning with the cooling tot in the crib and including all needy ones down to those far advanced in the evening of life, special consideration has been given the welfare of the little folks in such special programs as doubling the enrollment in the Sunday Schools throughout the homeland; strengthening the weak churches in both the rural districts and the crowded centers of population in order that they may be able to discharge their full duties to the communities in which they are located, thus providing better atmospheres for the rearing of children; enlarging the work of the Woman's Missionary Union and its auxiliary organizations in the training of children and young people in Christian character and service; provision of better schools in the rural districts, especially in the mountainous sections; the enlargement and fuller

equipping of Baptist educational institutions throughout the Southland where children as they develop into young men and women can be more adequately trained for lives of social and religious usefulness at the same time their minds and bodies are cultivated; and the provision of Good Will Centers in the large cities and mining and factory districts for reaching not only the children, but helping the parents as well provide better homes and home surroundings for the little ones whom God has entrusted to their care and rearing.

Hospitals Help the Little Ones.

That the children who come into the world with weak bodies, who contract illness or are maimed by accident may have a larger chance to become sound in body and thus be equipped for a larger development, happiness and usefulness than the Baptist orphans of the South through the establishment of a cottage system where a limited number of children are placed in a cottage which they call home, under the supervision of a kindly, tactful matron and patron, who study the characteristics and qualifications of each individual, assign him or her to tasks as nearly in line with the actual bent of the child as practicable, and take as large personal interest in his or her problems and development as possible. Each of these cottages has its own garden, flower plat, wood yard and other institutions, affording special individual chores for the children, and except at school, religious services, picnics and the like the children are reckoned with in terms of the individual and the family rather than in those of the mass.

But the Baptist 75 Million Campaign does not confine its interest in children to those of the homeland.

There is now in Europe a commission representing the campaign

studying to see how this movement can aid most effectively in the reconstruction of that country, especially those portions of it which were devastated most largely by

contending armies.

"Twenty million dollars could be expended with economy and high

Christian purpose in the care of the widows and orphans of our spiritual

kinsmen in Europe who have suffered through these years of war and in the erection of houses of worship, schools and the like." Dr. J. F. Love, chairman of the commission, declared on the eve of his departure, that this sum will be available for this purpose under the present program, it is the settled purpose of the campaign to aid reconstruction

in France, Belgium, Italy, Czechoslovakia, the Ukraine and other parts of Russia just as fully as possible and Dr. Love has urged the

Baptists to greatly oversubscribe the \$75,000,000 sought in order that there may be additional funds to apply to the European situation.

Provide Homes For the Homeless.

In breaking away from this custom of placing children and in providing institutions as nearly like genuine homes as possible, where fatherless and motherless little folks can be developed in mind, body and soul under environments just as wholesome and happy as it is possible to procure, Baptists have been pioneers. Naturally, no institution can have the same environment that a real home, presided over by a natural father and mother, and occupied with these parents only by brothers and sisters of full blood affords, yet an approximation of that ideal is had in a number of the Baptist orphanages of the South

through the establishment of a cottage system where a limited number of children are placed in a cottage which they call home, under the supervision of a kindly, tactful matron and patron, who study the characteristics and qualifications of each individual, assign him or her to tasks as nearly in line with the actual bent of the child as practicable, and take as large personal interest in his or her problems and development as possible. Each of these

cottages has its own garden, flower plat, wood yard and other institutions, affording special individual chores for the children, and except at school, religious services, picnics and the like the children are reckoned with in terms of the individual and the family rather than in those of the mass.

But the Baptist 75 Million Campaign does not confine its interest in children to those of the homeland.

Uplifting Children of Many Lands

And the work for the physical, mental and spiritual uplift of the children in Cuba, Panama, Mexico, Brazil, Argentina, Chile, China, Japan, Syria, Persia and Gallilee, in which fields, also, missionary work is being carried on by the Southern Baptist Convention at this time.

With the exception of Japan the education of the people has been very backward and children are always the losers where ignorance and superstition prevail. In China, for instance in spite of the rapid progress that has come to that country within recent years, children have little or no chance for normal development except in those homes that have been reared with the enlightenment and love of the gospel. Girls are still unwelcome because of their small economic value, and there are still posted on the preserves of some of the wealthy residents whose estates adjoin the rivers such signs as, "No children shall be drowned on these premises." And the treatment for diseases prescribed by the heathen physicians in some of these countries is worse than death itself.

Shrouded in ignorance, superstition and sin as the lives of the children of these lands are in most cases, the missionaries representing the Southern Baptist Convention are convinced that schools for the enlightenment of the minds of the children, and modern hospitals where medical and surgical skill can heal their diseased and maimed bodies and put them on the road to happiness and more efficient lives, are fundamental to the success of missionary endeavor and the moral and spiritual uplift of the people.

So part of the proceeds of the Baptist 75 Million Campaign will go to the establishment of kindergartens and other Christian educational institutions, hospitals and homes where orphans can be cared for in the foreign lands. Our missionaries have for a long time been handicapped by lack of money and other facilities. Frequently they have rescued children who have been thrown out to starve and after resuscitating them, given these outcasts a permanent place in their own homes, where many of them have grown into useful Christian workers.

Little Money Does Big Work.

For the sum of \$25 a boy or girl can be maintained in one of the mission boarding schools for a year, while numerous native children are maintained and instructed in the homes of the missionaries at a cost of \$12 a year.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Eastern Star Meeting.

The Masonic hall was the scene of a festive occasion on Friday, 26th, when the members of the Eastern Star held their annual reception there. It was decorated in Xmas colors with a cascade of Xmas chimes suspended from the ceiling and a lavish use of tinsel mistletoe and ferns to transform the hall.

The officers of the chapter led, by Mrs. Jessie Bradley and Mrs. Eva Wilson, participated in a grand march, each carrying a white staff topped with a high bow of their colors. After winding thru a number of intricate figures, they formed a long arch with uplifted staffs and the worthy matron, Mrs. Inez Carter, was escorted to her place in the East and the ceremonies of initiation were carried out. Six of eight candidates were carried thru the rites: Mesdames Glee Woolis, Mary Muennink, Cecile Beal, Jessie Merriman and Misses Fannie Garle and Panchita Gilliam. Among the many visitors were delegates from the Yagney Lodge and a large number of our masonic members.

A delightful supper was served during which a program of unusual merit was given.

Miss Hilda Muennink and Miss Isabel Henderson gave a number of vocal selections accompanied by Miss Nell Wilson who also played some popular airs. Mrs. Blocker's niece, Miss D'Laurel Beville, gave evidence of exceptional histrionic art in her reading from James Whitcomb Riley and numerous encores. The Lodge is planning for the assistant grand deputy's visit, when six candidates will be initiated into the order.

At the Baptist Church.

Pastor Allen will preach Sunday at 11:00 on "This One Thing I Do," and at 7:00 on "In the beginning God."

The Bible School meets at 9:30 and the B. Y. P. U. at 6:00. The public is cordially invited.

Chas. T. Wurzbach and daughters, Misses Edna and Clara, and Mrs. Joe Steinle were Lacoste and Castroville visitors Friday.

Mrs. Titus Haby and children of Helotes and Arnold Haby of Medina Lake passed through here one day last week.

Alex L. Haby and John Schuehle were at Lacoste the latter part of the week.

Elmer Huegele of San Antonio is visiting home folks this week.

Mr. and Mrs. Theodore Haby and little daughter, Theodora, of San Antonio, are spending the holidays with her parents, Mr. and Mrs. Emil Schott.

Joe Haegelin was at San Antonio one day last week.

Mrs. Joe Steinle and children left for their home after spending a few days with home folks.

Miss Lillian Schott left for San Antonio where she will stay for some time.

Mrs. Joe H. Haegelin will spend a few days with her mother, Mrs. George Karm of Castroville.

Miss Lilly Schott delightfully entertained with a shower at her home, honoring Miss Pauline Ribn, a bride of next month. The guests were led into the dining room which was tastefully decorated in white and yellow, and in the center of the table was a basket which held the shower of many beautiful and useful gifts. Hot chocolate and cake were served to the following guests: Misses Paulina Rih, Frieda Boehme, Hilda and Katy Wurzbach, Elizabeth Seekatz, Louise and Mary Ahr, Clare and Edna Wurzbach, Octavia Schott, Olivia Huegele, Alice, and Kate Burrell, Nettie Boehme, Wilhelmina and Dolphina Schott; Mesdames Emil Schott, Theo. Haby, Joe Haegelin, Jr., and Miss Lilly Schott, the hostess. Plate favors were fern tied with yellow ribbon. At 4:30 p.m. the guests departed for their homes, well pleased with the evening they spent.

Frieda Hempel proves that there is no difference between her living voice and Edison's RE-CREATION of it.

Comparison tests similar to this have been heard by over three million people. The music critics of five hundred representative newspapers have publicly reported the fact that no one has been able to distinguish the artist's living art from its RE-CREATION by the New Edison. Therefore, the New Edison brings you all that living artists can bring, excepting their physical presence.

Hear Frieda Hempel sing some song she loves and suddenly you will understand what it is that makes her great among the greatest in opera and concert; for you fall under the spell of a mysterious, lifting power—a power which transmutes every note into gold and every bar into angel music. It is Hempel's sublime artist-soul. The soul of music is what Edison has caught and perpetuated in his RE-CREATIONS. That is why he considers the New Edison the greatest of his inventions. That is why the emotions of the music lover respond to a RE-CREATION by the New Edison, even as they respond to the art of the living artists.

You may hear this world's most wonderful musical instrument at your own convenience at our store.

WOMEN WAR WORKERS, EAGER TO SERVE, GO TO AID ARMENIANS

Mary Vail Andrees, Only Woman
to Receive Distinguished Serv-
ice Medal, Heads Party.

Dissatisfied with uneventful civilian
life, after two years' vivid experience
as workers abroad in the world war,
a party of young women, led by Miss
Mary Vail Andrees, of New York City,
have just gone to the Near East,

MISS MARY VAIL ANDREES,
Distinguished Service Heroine Who
Now Goes to Near East.

where nearly a million people are
suffering from disease and starvation.

Miss Andrees had returned to this
country after serving for the Red
Cross, but when she read of the sad
plight of the Armenians, she at once
offered her services to Near East Relie-
f, the former American Committee
on Armenian and Syrian Relief, which
already has saved thousands of lives
in Western Asia. Miss Andrees is the
only American woman war worker
who was awarded the Distinguished
Service Medal by Congress. Most of
the other members of her party like-
wise served with honor for the Red
Cross and other war service organiza-
tions.

Among the other members of the
group are the Misses Frances and
Betty Anderson of New Canaan, Conn.,
who were decorated with the Croix de
Guerre by the French Government;
Miss Margaret Mine of Washington,
D. C., who was a member of the
Hoover Relief Commission for Rumania,
and Miss Alex Sidney, an English
woman who served for three years
with the British Relief Commission in
Serbia. Miss Doris Nevin, another
member of the party, is a daughter
of the late Ethelbert Nevin, the com-
poser.

Col. William N. Haskell, commis-
sioner to the Near East for the Paris
Peace Commission and official rep-
resentative of the Near East Relief, has
cabled that the relief workers now in
the field are overwhelmed by the mag-
nitude of their task. Col. Haskell says
800,000 Armenians will starve before
the next harvest unless they are given
aid and 120,000 orphan children face
death from hunger and exposure.

Thousands of refugees are daily being
brought to the relief centers from
the deserts.

HIDDEN DANGERS.

Nature Gives Timely Warnings That
No Hondo Citizen Can Afford
to Ignore.

DANGER SIGNAL NO. 1 comes
from the kidney secretions. They will
warn you when the kidneys are weak.
Well kidneys excrete a clear, amber
fluid. Disordered kidneys send out a
thin, pale and foamy, or a thick, red
ill-smelling urine, full of sediment and
irregular passage.

DANGER SIGNAL NO. 2 comes
from the back. Back pains, dull and
heavy, or sharp and acute, suggest
weak kidneys and in that case warn
you of the danger of dropsy, gravel
and Bright's disease. Doan's Kidney
Pills are endorsed by thousands. Here's
Hondo proof:

A. J. Austin, farmer, Hondo, says:
"I can highly recommend Doan's Kid-
ney Pills to anyone suffering from Kid-
ney trouble for they are fine. My back
pained some years ago and when I bent
over I had a hard time raising up again.
The secretions from my kidneys
were highly colored at times and burned
like scalding water in passage. I started
the use of Doan's Kidney Pills and two
boxes which I got from Windrow's
Drug Store cured me. I haven't been
troubled since."

A vast amount of work now remains to be done which the
intervention of war has necessarily delayed and some
expenditures ought to be made to make up for the inter-
ruptions inevitably due to the war, and to prepare the rail-
roads to serve adequately the increased traffic throughout
the country.

WALKER D. HINES,
Director General of Railroads.

**Work more—
Produce more—
Save more—**

But we can't continue increasing
production unless we continue increasing
our railroad facilities.

The farms, mines and factories can-
not increase their output beyond the capac-
ity of the railroads to haul their products.

Railroads are now near the peak of the
carrying capacity.

Without railroad expansion—more en-
gines, more cars, more tracks, more ter-
minals—there can be little increase in
production.

But this country of ours is going to
keep right on growing—and the railroads
must grow with it.

To command in the investment market
the flow of new capital to expand rail-
road facilities—and so increase production—
there must be public confidence in the
future earning power of railroads.

The nation's business can grow only as
fast as the railroads grow.
